IELTS Trial Testing

Trial Tests give our students a chance to practise taking IELTS tests using genuine English questions under test conditions.

- After taking the Reading and Listening tests, you are given scores. Writing tests are marked by trained Cambridge English Examiners, and you receive an indicative Band Score.
- This helps you to know which areas you need most practice in, and gives them experience and confidence in taking tests.
- Trial Tests are not available for Speaking tests.

It is advised to take the Trial Test six to eight weeks before your live test. This helps to identify your current English language level and assists in your preparation for the live test. It also means that your teachers will get the scores back in time to focus on any particular language areas in need of improvement.

By registering for one of our IELTS courses, you will be eligible to take the Trial Test.
